

Feature Job

Our feature job for this issue is **Fort Valley State University Stallworth Building** in Fort Valley, Georgia. Garbutt Construction served as the general contractor for the job. Sean Moxley, Garbutt's project manager and Adam McEachern, Garbutt's superintendent worked with **Al Gunn**, Ace's project manager and **Darrell Curtis**, Ace's superintendent. **Doug Martin** was Ace's estimator. Other Ace employees that participated in the project were **Chad Evans, Eddie Hill, Josh Joyner, Justin Lee, Kirk Morris** and **Matt Vincent**.

Fort Valley State University contracted with Garbutt Construction to add 8,000 square feet to the existing Stallworth Building on campus. The additional space contains laboratories, classrooms and administrative office space. Ace's scope of work consisted of relocating the high voltage electrical and telecom services, a fire alarm system and lightning protection for the addition and a new 80kw emergency generator.

We would like to thank **Garbutt Construction** for the opportunity to work with them on this project and congratulate **Fort Valley State University** on their addition.

Happenings

We are excited to announce Ace was once again ranked among the top electrical contractors by two construction publications. Southeast Construction Magazine recognized Ace Electric as one of the “**Southeast's Top Specialty Contractors**”, with a #18 ranking of the largest electrical contracting firms in the southeastern US. ENR (Engineering News Record) Magazine recognized Ace Electric, Inc. as one of the nation's “**Top 600 Specialty Contractors**”, with a ranking of #472 overall and #123 among electrical contractors. We are proud to be listed once again in both publications and wish to thank all who contributed to achieving these rankings.

Tina Worms attended the 2013 South Central/South Atlantic Regional Society of American Military Engineers (SAME) Conference in Mobile, AL October 22-24. While there, Tina took advantage of opportunities to network with general contractors who primarily focus on military work and key personnel within the Corps of Engineers.

On October 24th, Ace participated in the ABC (Associated Builders & Contractors) Chili Cook-Off at the Wills Park Equestrian Center in Alpharetta, GA. Ace was well represented at this fun networking opportunity by **Brian Geary, Hugh Jones, Sabrina Monisky, Tom Redfern, Tom Stalvey** and **Tina Worms**.

Ace held its annual **Trunk or Treat** on October 26th at the Stalvey barn. Ace employees and their families enjoyed a fun-filled afternoon/evening of activities including a bounce house, hay rides, face painting, games, good food and good fellowship.

The Ace family welcomed to the world three new bundles of joy in the month of November. Rilyn Lorraine was born November 8th, weighed 7 lbs. 4 oz. and was 20” long. The proud parents are Jennifer and **Rob Stalvey** and the equally proud grandparents are LaDonna and **Bobby Stalvey**. Rilyn's big sister, Elizabeth, is pretty excited too! **Jack Zeigler** is also full of pride with the birth of grandson, Jack Woodrow (named after Jack). “Rowe” was born on November 11th, weighed 7 lbs. 9 oz. and measured 20 3/4” long. His excited parents are Chance and Amanda Zeigler. Our third new arrival delighted Allen and **Amber Collier**. Asa Bennie made his way into the world on November 18th, weighed 7 lbs. 6 oz. and was 20 1/2” long. Congratulations to all of you!

In November, **Bobby Watford** became the latest graduate of the Leadership Lowndes program joining **Dale Flythe, Brian Geary, Kelly Madsen, Bobby Stalvey, Jammie Stalvey, Rob Stalvey** and **Tommy Stalvey** as Leadership Lowndes alumni. Congratulations, Bobby, on this achievement!

On December 21st, **Bob Hudson** participated in the Outback Riders Toy Ride. This worthwhile project provides thousands of toys for children of needy families who might not otherwise have a Christmas. Thank you, Bob, for this selfless act of kindness.

Engineer Addition

William Kenyon

Ace is pleased to announce the availability of additional engineering services within the Ace family. **William Kenyon** is not new to Ace but recently passed his exam for licensure as a Professional Engineer. William has been working out of our Valdosta Division since March of 2004 as an estimator. William took the written exam in October and learned of his success in December. With this certification, William is now qualified to approve electrical drawings with his PE stamp.

Congratulations, William, on this huge accomplishment. We are proud of you and are glad you are on the Ace Team!

Thermal Imaging Study: Ace is available to conduct thermal imaging studies at customer facilities. Thermal Imaging is an invaluable tool in preventative maintenance of electrical equipment as problem areas or “hot spots” can be identified prior to causing an expensive and inconvenient power outage.
