Feature Job

The Davidson County Law Enforcement Center in Lexington, North Carolina is our feature job for this issue. Barnhill Contracting Company served as the General Contractor for this job and their management team consisted of Dan Pruitt – Project Manager and Ken Cass – Superintendent. Key Ace personnel on the project were **Harvey Beard** – Project Manager, **Bradley Marsh** – Superintendent, **Scott Pattillo** and the late **Landon McNeill** – Estimators, Ace Designer – **Lee Spencer** and CAD/BIM Detailer – **Glenda Berard**. Ace's Preconstruction/Prefab department also played a big part in the success of this project.

The Davidson County Law Enforcement Center sits on 5.2 acres and consists of two buildings totaling 55,000 square-feet: a main facility and a smaller auxiliary building. The main facility will be the new home for 10 sheriff's office divisions. In addition, the building includes a 1,200 square-foot training room, a physical fitness area, storage space for law enforcement property, an evidence room, a patrol squad meeting room and an 1,800 square-foot break room/dining hall/lounge area. The auxiliary building consists of storage rooms, kennels, a vehicle processing area and vehicle storage.

Ace Electric, Inc. would like to thank **Barnhill Contracting** for allowing us to be part of this successful project and we congratulate Davidson County on their new law enforcement center.
