Feature Job

Our feature job for this issue is the **GEICO 3rd Floor Build-Out** in Macon, Georgia. Dublin Construction served as the general contractor and their management team consisted of Jimmy Williams (Project Manager) and Dwayne Carr (Superintendent). **Al Gunn** was Ace's project manager, **Keith Wainwright** served as Ace's superintendent and **Justin Lee** was Ace's estimator. Other Ace employees that participated in the project were **Darrell Curtis, Randy Ingram, David Lee, Mike Mason, Wyatt Medlin, Kirk Morris** and **Matt Vincent**.

This GEICO location will be utilized as an insurance call center employing over 3,000 people. The upgrade included new distribution panels, lighting fixtures and over 700 power outlets installed under the raised floor.

We would like to thank **Dublin Construction** for the opportunity to work with them on another great project and congratulate GEICO on their newly renovated facility.

New Tennessee Division

Ace Electric is very proud to announce the opening of our newest location at 62 Directors Row in Jackson, Tennessee. Our brand new Tennessee Division will be geared heavily toward the design/build method of construction rather than the traditional "plans and specifications" technique and will primarily pursue industrial projects. **Nick Lisin** has recently joined Ace and will serve as the Tennessee Division Manager.

Nick graduated from high school in Haifa, Israel and has a Bachelor of Science Degree in Electrical Engineering from Penn State University. He has 12 years of expertise in industrial power distribution systems, controls and automation systems and commercial electrical construction. Nick and his wife, Julie, live in Jackson, Tennessee with their children, Isabella (9) and Ava (7). He enjoys spending time with his family and vacationing in the Caribbean.

We welcome you to the Ace team, Nick, and look forward to the future!

Thank you for helping make these needy families' Christmas brighter.

Ace has recently been issued our **Experienced Modification Rating (EMR)** from the National Council of Compensation Insurance for FY2016. This rating is a multiplier which is used to calculate a company's annual Workers Compensation Insurance. We are pleased to announce Ace's rating for 2016 will be 0.77, which is a significant drop from 2015. Thanks to our employees for continuing to keep safety Ace's Number One Initiative.

Zach Deal recently returned from a leave of absence where he answered a higher calling and served on a mission trip in North Africa.
