Feature Job

Our Feature Job this month is the **Brookhaven Solar** site in Brookhaven, Mississippi. Stion Solar served as the general contractor for the project. The management team consisted of Graeme Kling, Stion's Project Manager and **Dale Flythe**, Ace's Project Manager and estimator. **Josh Barrett** and **Omar Everett** also assisted in the electrical installation of this project. The **Ace Prefab Shop** assisted in several areas in order to increase production and efficiency. Daniel Starr with Electric Service of Montgomery, Steve Feist with FC Solar, LLC and Charles Sunderhaus with RBI Solar were key in the overall success of this project.

This 500kw site is the first of three solar projects being built by Entergy Electrical Utility Company in Mississippi. In addition to Brookhaven, Ace is also currently working on another 500kw location in DeSoto, Mississippi.

Ace Electric, Inc. would like to thank **Stion Solar** for the opportunity to work on this project and congratulate Entergy on their new renewable energy locations.
