Feature Job

Our feature job for this issue is the USOPM (United States Office of Personnel Management) Data Center Emergency Power Upgrade in Macon, Georgia. DSS Innovations served as the general contractor and Clark-Nexsen was the architect for this project. DSS Innovations' Project Manager was Keisha Beck and Ace's project team consisted of **Richard Cook** - Project Manager, **Randy Ingram** - Superintendent and **Justin Lee** - Estimator. Other Ace employees that worked on the project were **Josh Ball, Vicente Castillo, Darrell Curtis, PJ Fortier, DJ Mullis** and **Bernard Stewart**. Others deserving recognition for contributing to the success of the project are Scott Sullivan - OPM Operations Manager and the **Service Department of Ace's Macon Division**.

In order to improve the Federal Government's Human Resource Department, USOPM needed to upgrade the facility's emergency power systems infrastructure (from the 1970's) to current US Government design standards. Ace assisted Clark-Nexsen with the design of the new system which consisted of replacing an existing 650KW stand-by generator with two new 1MW generators. For redundancy, each of the new generators will have the capacity to power the entire facility on its own, if need be. Ace also installed a 1MW UPS system, separated critical and normal utility electrical circuits and installed power for the new HVAC system.

Ace Electric, Inc. would like to thank DSS Innovations and Clark-Nexsen for the opportunity to work together on this project and we congratulate USPOM on their new and improved power infrastructure.

Happenings

Ace was proud to be part of the 2019 CEFGA Career Expo and Skills USA state championships on March 22nd and 23rd in Atlanta. **Jada Dailey, Steve Deal, Tommy Dye, Dale Flythe, Mike Rowland, Nichole Shanks** and **Eric Sweatman** represented Ace during this two-day event.

On April 3rd **Fabrication, Design and Engineering (FD&E)** hosted students from Brooks County Middle School for a workshop and luncheon. The workshop provided the students with hands-on learning and encouraged them to consider careers in the electrical trade. The FD&E team did a wonderful job of educating and inspiring these students. #ourfutureworkforce

Congratulations to Ashley and **Barry Hart**, who were married on April 13th on the beach in St Augustine, Florida. We wish you many years of happiness together!

The staff of **Ace's Home Office** participated in a team-building event at Epic Escape Rooms in Valdosta, GA on March 29th. Team Red and Team Black both had their opportunity to "escape" within 60 minutes, but only Team Red made it out successfully. Both teams had a great time and were reminded that so much more can be achieved if we work together rather than attempting to figure it out on our own. #teambuilding
